Common Questions and answers.

Q. Who arranges network access and pays the phone bill?

A. We, the service provider do. Relax!

Q. Who Collects the coins?

A. We, the Service Provider do. Relax!

Q. Is the hirer entitled to a share of the profits on calls made?

A. Yes. Of course! But how much you can receive depends on what calling deal you choose- some are more profitable than others!

Q. Why allow us to fully manage your service?

A. Payphones are specialist equipment, a fully managed service leverages off our experience, and our bulk buying power gives you exclusive access to low call rates that you could NEVER achieve alone.

Q. Wireless devices don't work well in my premises due to thick walls/location- will a Yellerphone work?

A. Typically, yes- larger antennas usually fix any problems, or place the antenna on your roof.

Q. Why is a Yellerphone so cheap compared to competitors?

A. Our equipment is newer and cheaper to run and we deliver savings to you by slashing our margins!

How does a Yellerphone stack up against the competition?

- Up to a massive 75% CHEAPER than using Telstra or Tritel.
- Customer Call charges are very competitive, making using a Yellerphone much cheaper than calling with a mobile.
